

Competition structure

Created by:

Global University and Academic Center of Excellence (COE) for the
CGMA Emerging Leaders Competition

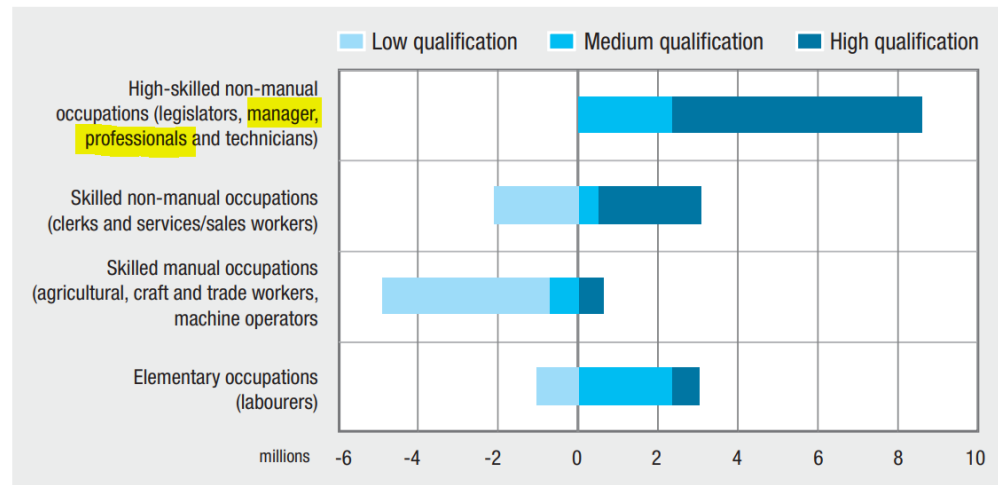

What is the CGMA Emerging Leaders Competition about?

- It is a business competition designed to bring out the best in young business leaders of tomorrow.
- It is an opportunity given to university students to showcase their talent in finance & business management.

Do you know that there is a growing demand for professionals in Central Eastern Europe (CEE)?

Figure 30. Net employment change by occupation and qualification, 2010-20, EU-27+

NB: Changes in employment (NA-based estimates).

Source: Cedefop (IER estimates based on E3ME, EDMOD and BALMOD).

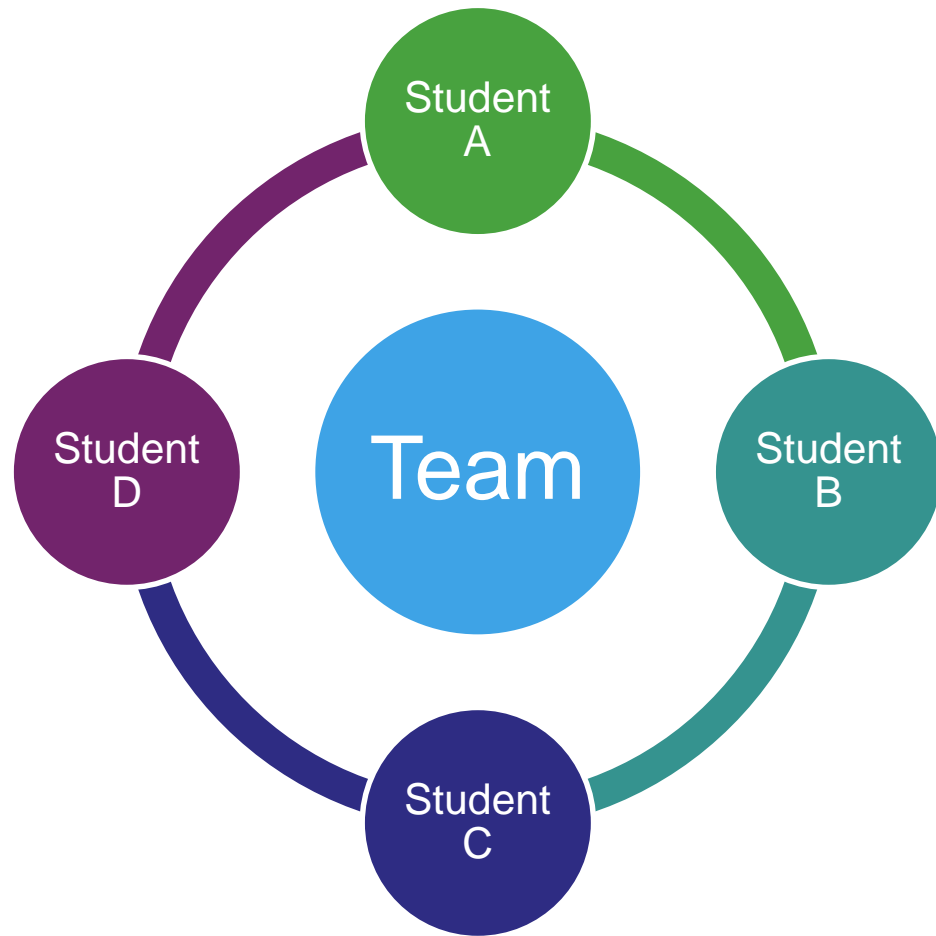

- Most projected increases are expected for high-skilled non-manual occupations, such as management, professional and associate professional jobs – more than 8.5 million in total between 2010 and 2020.
- Evidence shows that employers do not recruit people based only on their formal qualifications (vocational or academic), but also look for other competences that add value to their organisation.
- Employers prefer flexible workers who are able to adapt quickly to unforeseen changes. Therefore, individual skills profiles should ideally combine specific skills needed for a job with transversal core skills such as the ability to analyse and organise complex information, take responsibility, manage risks and take decisive actions (European Commission, 2010a).

The CGMA Emerging Leaders competition aims to encourage learners to understand the skills of finance professionals required by employers in CEE.

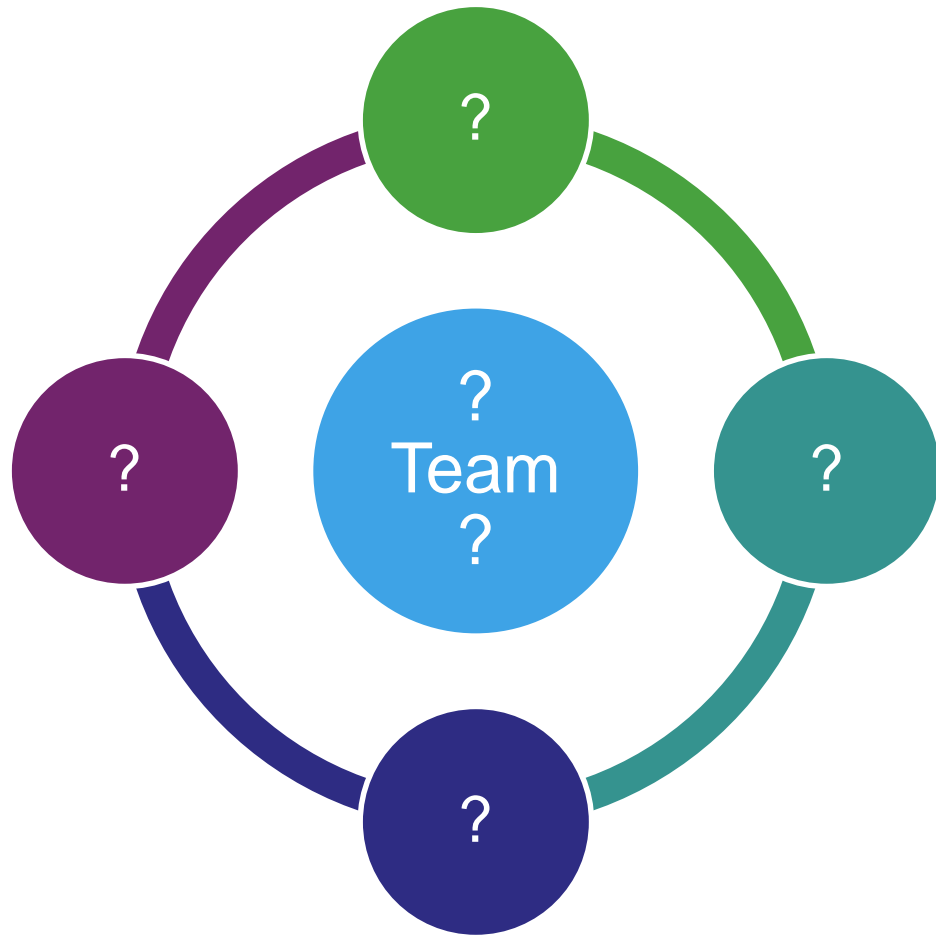

Forming a team

Form a team of four

- Each team comprises four full time university students in bachelor degrees or honours.
- MBA or Master level students are not eligible to participate.
- Each person can only join one team.
- Members of a team must be from the same university.
- Members of a team may not necessarily be from the same degree or honours programme.

Creating a team

- Select a team leader.

Who can be a great team leader?

What is his or her role as a leader?

- Agree on a team name.
- Agree on a team slogan.
- Enrol for the competition with university lecturer-in-charge.
- Start working with an academic mentor.

Academic mentor

Who can be an academic mentor?

A mentor is a faculty member from the same university as the competing team.

A mentor guides one or more team.

A mentor works closely with CIMA.

A mentor ensures that the information given to competing teams are as accurate as possible.

Role of an academic mentor

Provide guidance to competing teams

- As a CIMA qualification expert.
- As a case study analysis expert.

Provide support

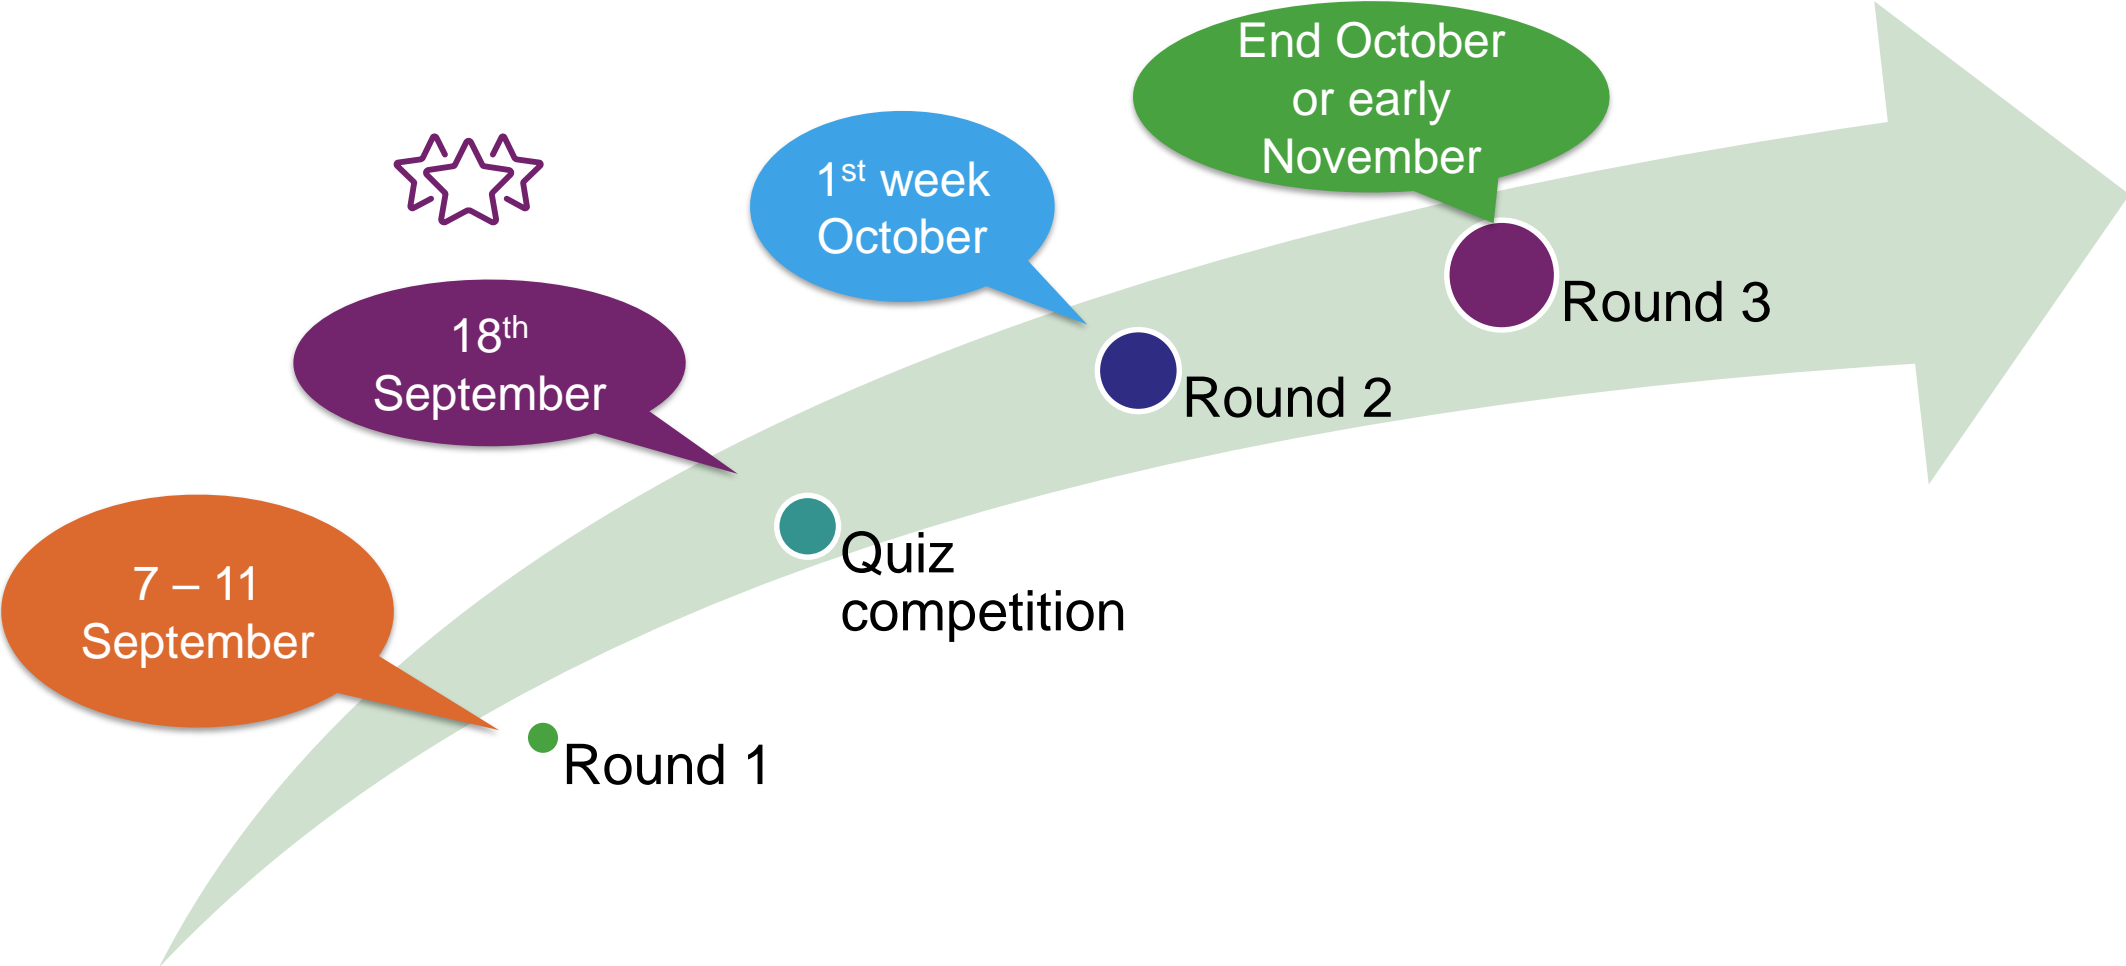

- Coaches students in presentation skills.
- Coaches students in team work.

Be an advisor

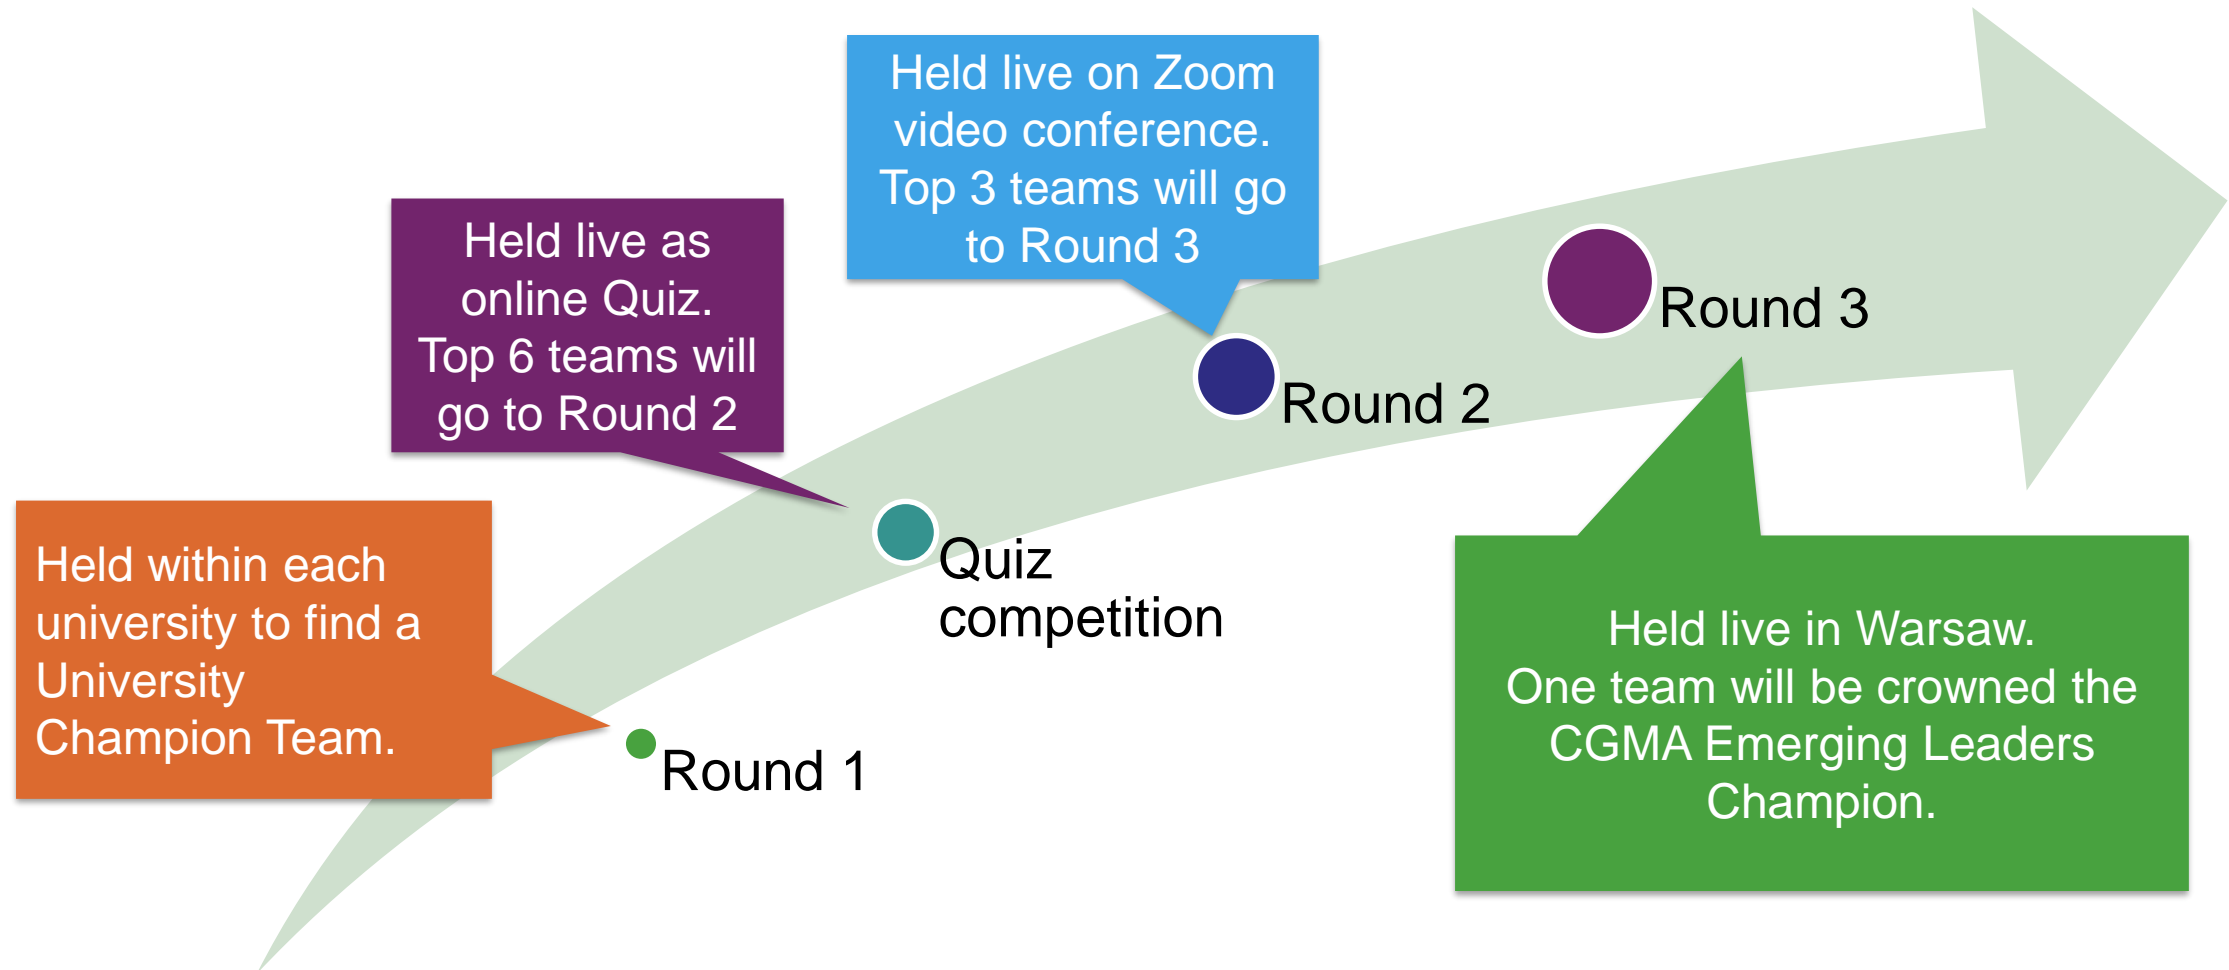

- Advise on competition rules.
- Advise CIMA on any challenges faced by the teams.

Competition timeline

When will the competitions take place?

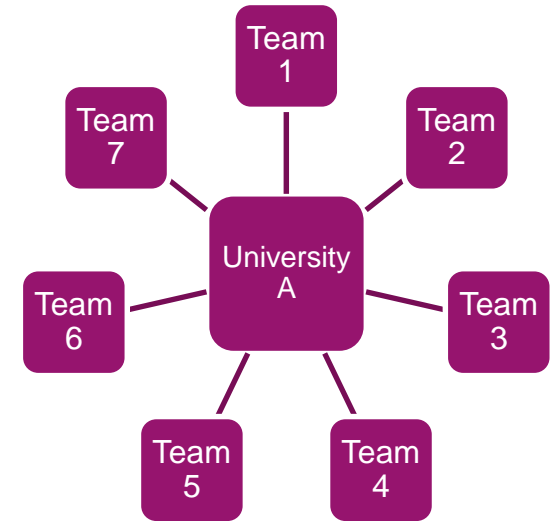

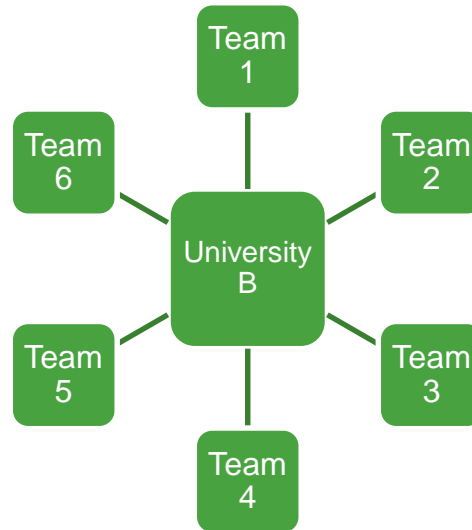

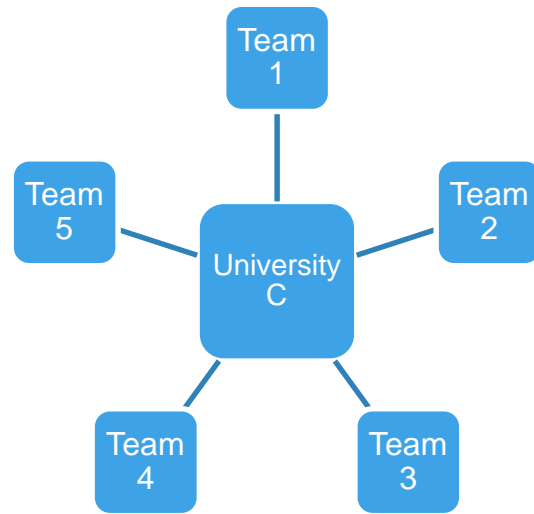

How will the competitions take place?
